**One for All**

Innovative | Professional | Safe | Effective
Forma

Forma is a noninvasive system that houses four different technologies: IPL, Bipolar RF, Ultra Sonic and Diamond Peeling. Designed to perform the task of 4 devices in one, it provides the modern practice with the complete treatment solution, and allows it to combine multi-technological treatments to achieve the best results.

+ -IPL HR/SR/AC
  + -R-Sonic
  + -RF Skin tightening
  + -Diamond Peeling

Treatments list
- Hair Removal
- Active Acne
- Post Acne Scars
- Pigmented Lesions
- General Pigmentation
- Skin Whitening
- Deep Wrinkles
- Flaccid Skin Tightening
- Stretch Marks
- Noninvasive Mesotherapy
- Skin Peeling and Polishing

About Formatk

Formatk is a global producer of medical aesthetic devices based on Laser, IPL, RF, Ultrasound and Diamond Peeling Technologies. The company’s core R&D department gathers numerous experts in various fields of research, in modern state of the art laboratories. The large production facilities can answer an on-growing global market demand for our Systems. All Formatk procedures are based on clinical research and Systems incorporate ISO and CE Medical certification.

While constantly focused at latest clinical research work, we are fast and responsive to innovate and adopt the new technology to bring to the market. Our superior quality and minimum to no maintenance on our systems make them outlast their time. This genuine technology and innovation, combined with our word known quality, guarantee enhanced treatment results and ongoing trust in our Brand.

Our worldwide Distribution network offers constant product support; superior service, and training for our customers.

IPL APPLICATORS

3 DIFFERENT TIP SIZES
1.6 cm²
3 cm²
6.5 cm²

3 DIFFERENT OPERATION MODES
Single, Double and Continuous

4 DIFFERENT WAVELENGTHS
430nm, 530nm, 600nm, 650nm

7 DIFFERENT IPL APPLICATORS TO CHOOSE FROM
HR, B-HR, F-HR, SR, B-SR, F-SR, F-AC

IPL applicators
- Hair Removal
- Skin Rejuvenation
- Pigmented Lesions
- Acne

R-Sonic
Dual operational Mode through continuous mode Bipolar RF treatment and Sonic ultrasound mode. Treatments of wrinkles, flaccid skin, post acne and noninvasive mesotherapy.

Diamond peeling
Diamond peeling applicator includes tips with 7 different polishing plates. Four sizes and four different abrasion surfaces. Skin polishing in various procedures such as post acne scars, age spots, skin preparation for meso therapy/radio frequency or IPL treatment.

Skin tightening
The ST applicator is one of a kind, providing cooled electrodes, up to 1000cm² Bi polar RF Technology with two levels of penetration depth. It is unique, with exceptional results on facial/rack deep wrinkles, skin tightening, flaccid skin and stretch marks.
